## Fall Prevention

**FALLS ARE THE LEADING CAUSE OF DEATH IN CONSTRUCTION.** In 2017, there were 366 fatal falls to a lower level out of 971 construction fatalities (BLS data). **These deaths are preventable.**

### **PLAN ahead to get the job done safely**

When working from heights, employers must plan projects to ensure that the job is done safely. Begin by deciding how the job will be done, what tasks will be involved, and what safety equipment may be needed to complete each task.

When estimating the cost of a job, employers should include safety equipment, and plan to have all the necessary equipment and tools available at the construction site. For example, in a roofing job, think about all of the different fall hazards, such as holes or skylights and leading edges, then plan and select fall protection suitable to that work, such as personal fall arrest systems (PFAS).

### **PROVIDE the right equipment**

Workers who are six feet or more above lower levels are at risk for serious injury or death if they should fall. To protect these workers, employers must provide fall protection and the right equipment for the job, including the right kinds of ladders, scaffolds, and safety gear.

Use the right ladder or scaffold to get the job done safely. For roof work, if workers use personal fall arrest systems (PFAS), provide a harness for each worker who needs to tie off to the anchor. Make sure the PFAS fits, and regularly inspect it for safe use.

### **TRAIN everyone to use the equipment safely**

Every worker should be trained on proper set-up and safe use of equipment they use on the job. Employers must train workers in recognizing hazards on the job.

**STOP!  
FALLS!**  
Before they  
stop you

## Staff Birthdays

Thabang David Kortjas - 10<sup>th</sup> February  
Brian Robert Boden - 12<sup>th</sup> February

## SKILLS DEVELOPMENT

Education is the passport to the future, for tomorrow belongs to those who prepare for it!

## Employee of the month

Congratulations and Thank You to **Mr. Jabili Mili Faruku** on being selected for the employee of the Month for January.

On behalf of the entire RTC Control Systems (PTY) Ltd team thank you both for your excellent work ethic, professional attitude and all-around dedication to what you do. We couldn't do it without team members like you!

"Our goal is to always be the best and we are confident that with your work and participation we will achieve that goal." – "The greatness of our company is based on the quality of workers like you and the effort they make every day to provide the best service."

Everyone in this company could be employee of the month, the trick to doing all well at work is to get passionate about it and convey confidence on what you are doing. Take challenges which come your way and never say no to try. The success you got is the result of your hard work, keep it up for the future. Help each other to reach the destination, you desire.

Appreciate your job and love your family, and everything will go well for you.
