RTC CONTROL SYSTEMS (PTY) LTD

October 2020

New services we can now offer you!

Preventative Maintenance Surveys

It is never too early to start saving; the first step and cheapest way to efficiency is to STOP WASTING.

We are a solution-oriented company focused on machine health and reliability through the application of the following technologies:

- **Vibration Meter Surveys**

We use the most reliable vibration screening device available for frontline mechanical troubleshooting teams that need repeatable, severity-scaled readings of overall vibration and bearing condition.

- **Sonic Industrial Surveys**

Finally, a better way, quick, simple compressed air, gas and vacuum leak identification. Do more with the same air compressors – delay the capital expense of installing an additional compressor.

- **Infrared Surveys**

Infrared thermography is an effective tool to help avoid electrical breakdown claims. Testing equipment for electrical “hot spots” may pinpoint potential problems while there is still time to take preventive action

- **Sound Level Surveys**

This survey is used to establish whether employees are being exposed to occupational noise levels exceeding the exposure limits set by the regulations

- **Monthly Tariffs and Meter Reading Surveys**

This survey assesses and measures the energy consumption of each portion of the process. Identifies possible energy management opportunities on the site with financial considerations and or potential savings.

- **Illumination (Lux) Surveys**

Reports include a comprehensive analysis and mapping of the areas surveyed. Reports indicate and highlight areas that require additional lighting, which are non-compliant to industry regulations.

Staff Birthdays

Norman Madlakamela
Blessed Ncube

- 10th October
- 21st October

SKILLS DEVELOPMENT

Mr. K. S. Fernandez is busy with his N2 studies and Mr. B. J. Wiese is completing his N2 Industrial Electronics.

Employee of the month

Congratulations and Thank You to **Mr. Keenan Fernandez and Mr. Brian Boden** on be selected for the employees of the Month for October.

On behalf of the entire RTC Control Systems (PTY) Ltd team thank you both for your excellent work ethic, professional attitude and all-around dedication to what you do. We couldn't do it without team members like you!

"Our goal is to always be the best and we are confident that with your work and participation we will achieve that goal." – "The greatness of our company is based on the quality of workers like you and the effort they make every day to provide the best service."

Everyone in this company could be employee of the month, the trick to doing all well at work is to get passionate about it and convey confidence on what you are doing. Take challenges which come your way and never say no to try. The success you got is the result of your hard work, keep it up for the future. Help each other to reach the destination, you desire.

Appreciate your job and love your family, and everything will go well for you.
