December 2020

2020 Wrap Up...

2020 has been full of surprises that no one, not a single one, has ever asked for. First, the bushfires raging across Australia, burning 18.6M hectares and killing 1B animals. With war breathing over the shoulder, and racial tensions over police brutality reaching a boiling point, we still must deal with the worst pandemic in recent history that killed 1.2m people so far and placing many of the economies into a downward spiral.

We here at RTC Control Systems (Pty)Ltd have persevered and pushed through the pandemic and lock down, and thankfully are still going. We would like to send our sympathy to the people that were not so fortunate during this year.

I would like to take this opportunity to thank you all for the support and loyalty that you have shown the company over this past year.

2020 has been an eye opener of a year, as it was a year of lessons learnt, we faced the challenges, we've adapted, and we have overcome. 2020 has forced us all to grow exponentially and has shown us not to take things for granted.

Next year we are hoping that things will be a little less stressful and that we can rise from this year and build a brighter future for all.

RTC Control Systems (PTY) LTD won another award this year at the Corporate LiveWire awards for Electrical Engineering Specialist of the year.

Happiness does not come from doing easy work but from the afterglow of satisfaction that comes from achievement of a difficult task that demands our best.

Should you have any suggestion of how we could improve our newsletter, please do not hesitate to contact me, so we can discuss your ideas.

Kind Regards

SKILLS DEVELOPMENT

We look forward to next year to broaden our knowledge and enrich our staff's knowledge to new limits.

Message from our Director

2020, A year I believe we would rather forget, but never will. A great amount was lost and there were opportunities that were missed, however, there was a lot gained and experienced, for which we all be thankful for. Let us continue to grow from our experiences and focus on the good, walk away from the bad and learn from both.

We are experiencing a quiet phase at the moment, however, there is good business on the order book for the New Year. Please stay focused so that we retain our customers by delivering a quality job on time and on budget, at the level of standards that we are known for.

I would like to request that all staff in the Company to use quiet periods at the moment to improve their knowledge and skill. It is the two things that cannot be taken from you. It will also ensure that you can fulfill the functions of your workplace and secure your future.

I will always be prepared to support someone who wants to learn and improve. So please do not hesitate to ask for help. It remains however, your own responsibility to take the first step and then the next and the next. Remember that the time will go by anyway, you might as well use it for your own good.

I wish all of you a peaceful and healthy festive season. Be safe and protect your family and loved ones.

Kind Regards
Leon Barkhuizen
Managing Director

Employee of the month

Congratulations and Thank You to **Mr. John Van Der Westhuizen** on being selected for the employees of the Month for November.

On behalf of the entire RTC Control Systems (PTY) Ltd team thank you both for your excellent work ethic, professional attitude and all-around dedication to what you do. We couldn't do it without team members like you!

"Our goal is to always be the best and we are confident that with your work and participation we will achieve that goal." – "The greatness of our company is based on the quality of workers like you and the effort they make every day to provide the best service."

Everyone in this company could be employee of the month, the trick to doing all well at work is to get passionate about it and convey confidence on what you are doing. Take challenges which come your way and never say no to try. The success you got is the result of your hard work, keep it up for the future. Help each other to reach the destination, you desire.

Appreciate your job and love your family, and everything will go well for you.

SALES TARGET WINNER

Congratulations and Thank You to **Mrs. Theresa Barkhuizen** on reaching your sales target for the month of October.

You have set your target, you consistently keep on working hard to achieve the target, today your hard work paid up. Congratulations on achieving what you have set, and may you reach much higher targets in the future and that too you achieve.
